

ALIEN LAND BILL IS PASSED BY ASSEMBLY

California Alien Land Ownership Bill Awaits Governor's Signature

ONLY 3 VOTES AGAINST

Only One Democrat and Two Republicans Opposed Bill on Final Passage in Lower House

BRYAN'S FAREWELL MESSAGE

SACRAMENTO, MAY 3.—The alien land ownership bill previously passed by the senate by the assembly late tonight awaits only the signature of the governor to become a law.

Only three votes were cast against the measure in the lower house, one Democrat and two Republican members opposing the bill on the final passage. The roll call was at 11:25 o'clock, less than twenty-four hours after the final passage of the act in the senate early this morning.

Acting under suspended rules, the assembly took up the bill early in the afternoon and sent it through first and second reading in rapid order. Then followed the debate which continued until the final roll call was demanded by shouts from the floor.

Refused to Strike Out Clause.
The assembly refused to strike out the clause admitting leases, to which the Democrats objected yesterday. Several other amendments likewise, were voted down by the heavy administration majority and in the end the bill carried with seventy two affirmative votes out of 75.

Five members were absent. At no time during the course of the arguments was the result in doubt. The Democrats following the lead of their colleagues in the senate, made desultory attempts to amend the measure or delay its passage, but without effect. When the body came to consideration of the main question of barring the Japanese the debate was more virulently anti-Asiatic than in the senate.

Man Demands for Stronger Bill
There were many demands for a stronger bill both from Democrats and progressives, but in the end it was agreed that the act drawn by Attorney General Webb would serve the needs of the state for the present.

"This bill is not as strong as some of us would like," Assemblyman Bonett, administration leader, declared, "but it reaches the point. It commits the state to a policy of opposition to the holding of land by aliens ineligible to citizenship."

"Two years hence there will be another joint session of the legislature and it should then be an easy matter to eliminate leases altogether."

A verified copy of the measure will be telegraphed at once to President Wilson who has asked for it in order that he may lay it before Japanese government at Tokyo. For the present the act will lie unsigned on the governor's desk.

"I have promised President Wilson and Secretary Bryan I would grant them a reasonable time in which to offer whatever objections they may care to make," Governor Johnson said. He did not indicate how long he considered a reasonable time.

Secretary of State Bryan concluded his mission to the governor and legislature of California this afternoon with a message of farewell.

Voices President's Opinion.
Secretary Bryan said in part: "As I am departing this afternoon for Washington, I deem it proper that I should say a final word to you. My coming, at the president's request upon the missions that brought me here, was unusual, and yet, in the president's opinion, not only right in principle, but wise in policy. It was in keeping with his own course in appearing in person to deliver a message to congress."

"The president has impressed upon me at all times that I should emphasize the fact that his only purpose is to confer with the legislature as to the national and international phases of the question under consideration and that he confers as a not unsympathetic friend who desires to aid to the extent of his ability in a matter where he has not only a constitutional duty to perform, but where he may be assumed to be able to judge of the effect of the legislation upon our relations with other countries."

"He has pointed out the things which seem to him unwise in the bill that has passed the senate. The first words to which he calls attention are 'eligible to citizenship' which are clearly discriminating as the words 'ineligible to citizenship' against which he so earnestly advises. In the second paragraph the property rights of those therein described are defined as they are defined in the treaty. He fears that this will raise a question of construction and involve the subject in a law suit that may be both irritating and protracted."

"If the legislature is willing to avoid the use of the words 'eligible to citizenship,' or 'ineligible to citizenship,' I am authorized to suggest that the line might be drawn at another point, namely—between those whose right to own land is de-

WOMAN AN INMATE OF SOLDIERS' HOME

SEX IS REVEALED WHEN SHE BE- COMES DEMENTED

Secret Has Been Kept by Superin- tendent of the Home and is Only Disclosed When She Was Adjudged Insane—Served Three Years in the Union Army During the Civil War.

QUINCY, ILL., MAY 3.—The identity of the sex of "Albert D. J. Cashier," Civil War veteran and an inmate of the Soldiers and Sailors' Home here, was today revealed by Col. J. O. Anderson, superintendent of the home, whose real name will probably never be known, because she recently became demented served three years in the Union army during the Civil War is shown by records. She was mustered out of the service in 1865 and a few years later was placed on the government pension roll.

She entered the soldiers home two years ago and at that time her sex was known only to Colonel Anderson but he promised not to reveal her secret. His promise has been fulfilled inasmuch as the woman two weeks ago was adjudged insane and in a few days will be committed to the state hospital.

She was born in Ireland, Dec. 25, 1841, but the place of her birth is not known. It is thought by Col. Anderson and officials of the home board that she ran away from home and came to the United States, dressed in boys' clothes a stowaway on a British vessel.

She enlisted in Company G, 95th Illinois Infantry, May 4th, 1862. The regiment to which she belonged was stationed in the south during the last three years of the war and she was actively engaged in several important battles, among them the siege against Hood's forces in Tennessee in which more than half of Company G, was killed.

The revelation of the identity of her sex was made two years ago in Livingston county, Ill. where she was employed by Ex-senator I. M. Lish, as chauffeur. It is said by the senator that one day his machine would not run and that the chauffeur crawled under the car. While she was tampering with the mechanism the engine started suddenly and the wheels of the car passed over her breaking her right leg. When she was taken to a hospital it was discovered that she was a woman, masquerading in masculine attire.

TO SETTLE REWARD IN DUNBAR CASE.

Opelousas, La., May 3.—Just what reward or token of esteem will be given to Deputy Sheriff Charles Day of Columbia, Miss., who found Robert Dunbar, the kidnapped child, will be settled at a final meeting of the business men of Opelousas on Monday. When the Dunbar boy was stolen from his home on August 23 of last year the business men raised \$6,000 reward to be paid to the person returning the boy to his parents. The first of April the offer of reward was withdrawn and the money returned to the donors, because it was believed there was no longer any chance that the child could be found. As it has been found impossible to re-subscribe the \$6,000, the meeting Monday will decide whether Deputy Sheriff Day is to be given such portion of the money as will be returned to the fund or whether he will be presented with an automobile or some other substantial present.

fined by treaty and those whose right to own land is not defined by treaty, the former to be allowed to own according to the terms of the treaty and the same terms that citizens of the United States hold land. But the president desires to keep before you at all times the fact that he would prefer, if consistent with your views of the states' interests to have all action deferred for a time to permit him to employ diplomatic means.

Sums Up Suggestions.
In summing up, Secretary Bryan rehearsed the objections and suggestions of the president already made public and concludes:

"Having performed the duty imposed upon me by the chief executive of the nation, my work is done. You have listened patiently and courageously and now the responsibility rests upon you to do what you deem necessary, recognizing, as you doubtless do, that you act not only as the representatives of the state dealing with lands lying within the state, but as the representatives of state, but as the representatives among her sister states and sharing with them an interest in and responsibility for international relations."

"You are fortunate in this state in having the initiative and referendum. The initiative sures you on to do that which you believe your people want done, while the referendum empowers those for whom you speak to put their veto upon your acts if you fail to reflect their wishes. It may be assumed, therefore that if you feel it your duty to enact any legislation on this subject at this time your people will either manifest their approval by acquiescence or their disapproval by submitting your action to the judgment of the voters by means of the referendum."

"I leave you with renewed assurance of the president's friendly concern in the subject with which you are dealing and of my appreciation of the kind reception which you have accorded me as his spokesman."

NO AGREEMENT BETWEEN AUSTRIA AND ITALY

NO SPECIAL AGREEMENT IS SAID TO EXIST REGARDING ALBANIA

Both Desire Permanent Union of the Powers and Are Aiming Only to Insure the Autonomy and Liberty of Albania.

ROME, MAY 3.—No special agreements exist between Austria and Italy regarding Albania. Both countries are sincerely desirous that the union of the powers be preserved in connection with the Balkan trouble and are aiming only to insure the autonomy and liberty of Albania. There have been reports that Italy and Austria were seeking either the partition of Albania or its division into two zones under their respective influence.

Unless the Montenegrins persist in holding Scutari the ambassadorial conference is unable to coerce Montenegro, as Austria is the power most directly interested.

Djavid Pasha continues to occupy Avallonia where there has been much disorder and bloodshed.

Preparations are complete to dispatch a whole army corps at a moment's notice to Avallonia, although it is believed a smaller contingent will be sufficient to carry out the plan.

Officials here entertain the hope that military intervention will not be necessary.

Austria Preparing For War.
Vienna, May 3.—While it is officially declared that the international situation practically is without change, a'arm has been aroused by the proclamation of war state of siege in Bosnia and Herzegovina. This is regarded as an indication that Austria is preparing for military operations to restore order throughout Albania.

As the people of Bosnia and Herzegovina sympathize with the Montenegrins, it has been deemed advisable to take precautionary measures to prevent Slav outbreaks.

It is expected similar action will follow in Damatiri. Italy has agreed according to reports, to use military action only in case it is absolutely necessary.

Will Demand Declarations.
Frankfurt-on-the-Rhine, Germany, May 3.—Russia will not regard Austrian or Austro-Italian intervention in Albania as a cause for war, according to a despatch from St. Petersburg to the Frankfort Gazette. The Russian government, however, probably will demand declarations from both the Austrian and Italian governments that their occupation of Albanian territory is not permanent. A refusal of such declarations would have a bad effect on the situation.

No Assistance From Powers.
Berlin, May 4.—The weekly review in the Norddeutsche Allgemeine Zeitung says:

"Montenegro should be informed that it will be driven out of Scutari if it refuses to evacuate and Montenegro cannot expect any assistance in its rehabilitation from the powers."

Crown Prince Danilo's action in proclaiming Scutari the capital and the reported occupation by Montenegrin troops of Albanian coast points destroy the basis on which the London conference has decided to take a further step and make the projected action hopeless. Austro-Italian military action is impending.

CELEBRITIES IN ATHLETICS.

New York, May 3.—A large number of entries, including nearly all of the most celebrated long distance professional runners in the country, has excited unusual interest in the 15 mile professional foot race for the world's championship, which is to be decided under the auspices of the Monument Athletic club at Celtic park tomorrow. Among the entries are Willie Kolehmainen, the Finnish long distance champion and world title holder; Tom Longboat, the marvelous Canadian Indian runner, who has won the Canadian championship a year ago; Billy Juel, the holder of the American championship, and Johnny Hayes, winner of the sensational Marathon race in London in 1908.

PHILADELPHIA PRELATE IS 70 YEARS OLD.

Philadelphia, May 3.—The Most Rev. Edmund F. Prendergast, Roman Catholic archbishop of Philadelphia, received congratulations today on the occasion of his 70th birthday anniversary. The archbishop was born in Ireland and came to the United States at the age of 16. Since his ordination to the priesthood in 1865 his work has been confined wholly to the Philadelphia diocese. After a service of fifteen years as auxiliary bishop he became archbishop of the province upon the death of Archbishop Ryan in 1911.

CATHOLIC SOCIETIES TO MEET.

Decatur, Ill., May 3.—Many delegates are arriving here for the 21st annual convention of the Illinois Federation of German Catholic societies. The convention will be opened tomorrow morning with a solemn pontifical mass by Bishop Janssen of Alton. A street parade will follow the church services. The business sessions of the convention will be held Monday and Tuesday.

NECESSARY AMOUNT RAISED.

Danville, Ill., May 3.—The weeks Y. M. C. A. building fund ending this evening with subscriptions totalling \$129,000, which is \$4,000 over the amount necessary to insure an association building in Danville.

PASS WOOL SCHEDULE WITHOUT CHANGE

Republicans Present Blanket Amendment as a Substitute In Vain

SPLIT FAILS TO COME

Democrats from Wool Growing Did Not Leave Party In Vote on Free Wool

COMPLETE SILK SCHEDULE

WASHINGTON, MAY 3.—The wool schedule passed without amendment by the house today in its consideration of the Underwood tariff bill. It went through with little excitement, its passage causing scarcely a ripple on the smooth waters of the Democratic tariff program. The Republicans concentrated their attacks on the schedule by presenting a blanket amendment as a substitute for it. The substitute proposed by Representative Payne provided for a rate of 18 cents a pound on raw wool, placed on the free list in the Underwood bill and comparative rates based on a duty of 18 cents a pound on the wool content of the various stages of manufactured wools. The Republicans vociferously proclaimed their substitute to be in conformity with the report which the tariff board made on the woolen industry made two years ago. The Democrats as emphatically declared that it was not.

Substitute Defeated.
An expected defection from party lines of Democratic members representing wool growing states failed to materialize in the vote on raw wool. The Republican substitute was defeated and the Underwood schedule passed 74 to 193. With the silk, paper and sundry schedules still to be passed, Representative Underwood hurried the house on after the wool fight with the worst of the tariff wrangle out of the way.

The Republican attack on the Underwood wool schedule was bitter. After three hours of general debate, Republican Leader Mann and Democratic Leader Underwood summed up the discussion.

"Several years ago," Mr. Mann said, "we Republicans provided for a tariff board. We propose to stand by the report of that board and present a woolen schedule suggested by it. For years the woolen schedule has been a point of controversy and for the first time in the history of our tariff making we propose a scientific woolen schedule, and we will appeal to the country to support a tariff based on real information."

Mr. Mann pleaded for the support of the Progressives, "temporarily estranged from the Republican party but soon to return to our ranks."

On the vote the Progressives divided, some voting for and some against the substitute.

Death of Wool Industry.
"The Democratic party," Mr. Mann continued, "admits that this schedule means the death of the wool-growing industry in this country. One Democrat tells us this bill will kill the sugar industry, another tells us it will kill a part of the cotton industry, another that some other industry will be ruined. We might get along if only the wool industry were slaughtered. We might do so if the cotton industry alone were sacrificed. We might get along if only one industry went down. But to slaughter all these things—that cannot be done and retain prosperity in the land, although God knows that I hope that the prosperity will remain in the land and I feel sure that the people will soon return to the economic policy which insures prosperity."

Representative Underwood replied to Mr. Mann, declaring the Republicans themselves were not in harmony in support of the Payne amendment. "You say that you are learning something from the tariff board about this schedule," he shouted to the Republicans, "You are learning that the sentiment of the American people is behind the Democratic party and this tariff bill."

President For Free Wool.
Representative Mann asked whether the ways and means committee had not at first favored a duty on raw wool but had "changed their minds at the request of the president."

"Candidly," answered Mr. Underwood, "this bill originally was written with a duty of 15 per cent on raw wool. But the differences between your party and ours is that we can get together and you can't."

"Except on raw wool," he continued. "You bill follows the rates in our bill very closely. It also approximates the tariff board report. But you know that on the subject of the duty on raw wool the tariff board was divided. Its report on that subject was a Scotch verdict."

As soon as the wool schedule was passed the house hurried through the silk schedule.

A single committee amendment changing chignons from fifty per cent to sixty per cent ad valorem being the only change made.

RIGHTS OF U. S. CITIZEN GRANTED FIRST HINDU

NATURALIZATION COMES AFTER TWO YEARS LITIGATION

Elizability to Citizenship Hinged On the Question Whether Hindus is a "Free White Person" As Used in Original Naturalization Act.

SPOKANE, WASH., MAY 3.—Akhyar Kumar Mozumdar, a Hindu of high caste became today a citizen of the United States. He is the first of his race to whom citizenship has been granted. Two years of litigation to the end was brought to a close when United States district Judge Frank H. Rudkin held that Mozumdar was a "free white person" and entitled to American citizenship.

Mozumdar is a native of Calcutta, India, and a Yogi philosopher. His application for citizenship previously had been denied by Judge Rudkin. The case was re-opened when the court appointed outside counsel to investigate.

Previous legal rulings, were looked into to little avail. Few instances of Hindus applying for citizenship have ever come up before the naturalization department.

Mozumdar's eligibility to citizenship hinged on the question whether he is a "free white person" as used in the original naturalization act.

Judge Rudkin, in his opinion says:

"In the original naturalization act the expression 'free white persons' was doubtless primarily intended to include the white emigrants from northern Europe with whom the congress of that day was familiar, and to exclude Indians and persons of African descent or nativity."

"Beyond this, perhaps, congress had no definite object in view. It could not have foreseen the vast immigration problems with which the government is now confronted, or the differences which might hamper and embarrass the courts in the administration of law."

"But whatever the original intent may have been, it is now settled by the great weight of authority, at least, that it was the intention of congress to confer the privilege of naturalization upon members of the Caucasian race only."

Judge Rudkin expresses the opinion that certain natives of India belong to that race, and that he is satisfied the applicant in this case has brought himself within the provisions of naturalization acts and is entitled to citizenship.

In his statement to the court Mozumdar said:

"I came from the northern part of India, or Hindustan proper. I am a High Caste Hindu of pure blood belonging to what is known as the warrior or ruling caste. The high caste Hindus always consider themselves to be members of the Aryan race and their native term for Hindustan is Arya-Varth, which means country or land of the Aryans."

NEW YORK REAL ESTATE SHOW.

New York, May 3.—Maps, models and "movies" illustrating the various developments and "ideal home" communities around Greater New York are on display in the Grand Central Palace, where the 1913 real estate show was opened today for a week's engagement.

A marvelous working model of the Panama canal is one of the side attractions. An international character has been given the show this year by the addition to the list of exhibitors of several large real estate concerns from Toronto, Hamilton and other cities of Canada.

PRINCETON COMMENCEMENT.

Princeton, N. J., May 3.—Many visitors are arriving for the 1913 annual commencement of the Princeton Theological seminary. President Francis Patton will conduct the opening services at the Miller chapel tomorrow, and the sacrament will be administered. Monday morning a board of doctors will read their annual meeting, and on Tuesday the commencement exercises proper will be held. There will be a meeting of the board of trustees in the afternoon.

BREAKS WORLD'S RECORD.

Lynchburg, Va., May 3.—Miss Dorothy Cure of Roanoke, Va., cleared 15 feet 2 1/2 inches on a running broad jump in the annual athletic meet at the Randolph-Macon Woman's college here today, making what is claimed to be the world's record for women in that event. Her performance broke the college record by 3 1/2 inches and is believed to eclipse the world's record by 1 1/2 inches.

ed the nations in protest against that provision of the tariff bill which extends a preferential difference of five per cent on goods imported in American bottoms. One of the first acts of Sir Cecil Spring-Rice, the new British ambassador, was to call the attention of the state department to this provision as in violation of the existing treaty of trade and commerce between America and Great Britain. It is understood the Democratic tariff managers in the house who were at first disposed to permit the senate to deal with this request, it being one involving treaty relations which belong to the upper house, have recognized the force of the objections that have accumulated from all quarters and will themselves remove the objectionable provision by amendment when the administrative section of the bill containing it is reached.

MUTINOUS AND LOYAL FEDERALS IN CLASH

GENERAL SALZAR FORCED TO EVAC- UATE CASAS GRADES

Salzar's Men Retreat to New Casas Grades After Losing Nine Killed and Many Wounded—Great Brit- tain Recognizes Huerta Govern- ment.

EL PASO, MAY 3.—Federal fought federal to day at Casas Grandes in a clash between mutinous and loyal troops of the same command. General Salazar and his followers were forced to evacuate the old town when attacked by two hundred of the mutineers. Salazar's loyal men retreated to New Casas Grandes on the Mexican Northwest-railroad after losing nine killed and several wounded. News of the fight was brought here tonight, by refugees from the district. It was also reported that the mutineers had located Colonia Juarez, an American Mormon settlement. The attacking party was composed of those who quit Salazar's group of ex-rebels last week and since have been raiding American ranches and agricultural settlements in the district interrupting railroad traffic by burning bridges.

Notified of Recognition.
Mexico City, May 3.—President Huerta was formally notified today of the recognition of his government by Great Britain. It is announced that a letter of recognition from King Alfonso of Spain will be presented next week.

Zapata Forces Meet Defeat.
Mexico City, May 3.—The Zapata forces lost 180 men killed to day in their first important defeat since General Robles began his campaign against them. The rebels were brought to a stand at Chinameca ranch in the state of Morelos, which has been used as Zapata headquarters at various times.

The fighting lasted five hours the federals using machine guns and artillery. After severe losses the rebels managed to cut their way out.

WOMAN THREATENED WITH LYNCHING BY FRIENDS OF SLAIN MAN

Prisoner is Saved by Being Taken to
Crown Point in Automobile.

Crown Point, Ind., May 3.—Miss Grace Smith, who shot and killed Clarence Murphy at Gary last Wednesday night and who was threatened with lynching by infuriated friends of the slain man, was brought here this afternoon in an automobile by Mayor Knott and Chief of Police Newman of Gary.

Murphy was a popular member of the Gary local of the Switchmen's union and when members of the latter learned that it was proposed to take his slayer from Gary to the county seat at Crown Point, they determined to lynch her or at least to give her a coat of tar and feathers.

The mob made no secret of its purpose and determined to lay in wait for the interurban car on which it had been intended to transfer the prisoner.

To outwit the mob the mayor and Chief of Police Gary determined to make the trip in an automobile over a road at a safe distance from the street car line. They took the precaution of arming themselves with rifles and pistols, and followed by scores of machines containing sightseers, set out. The change of route deceived the mob, however, and the procession of curious ones returned to Gary, considerably disappointed.

**CAPTAIN R. W. LITTLE OF
DECATUR DIES SUDDENLY.**
Decatur, Ill., May 4.—Capt. R. W. Little, assistant postmaster in Decatur, formerly senior vice-commander of the department of Illinois G. A. R., Captain Dunham Post, original post in re-organization of G. A. R., in 1882, died suddenly in his home here at 12:16 this (Sunday) morning. He was appointed postmaster of Decatur in 1875 by President Grant and under changing administration served twelve years.

He enlisted in Co. G, 27th Ill. Infantry, Aug. 28, 1861, and by June 11, 1862, had been three times promoted from private to captain and transferred to Co. B.

STRIKE VOTE WILL BE TAKEN

New York, May 3.—A. B. Garretson, president of the order of railroad conductors and W. G. Lee, president of the order of railroad tarimen, who have been here in connection with the demands of both orders for increased wages on eastern railroads, left for the west tonight.

Mr. Garretson will go to Cedar Rapids, Iowa, his home town, where a convention of conductors will be held May 12th. Ballots will be distributed and a strike vote will be taken. Mr. Lee will proceed to Cleveland, where the headquarters of the trainmen's brotherhood are located and then to San Francisco to attend a convention of trainmen in that city May 19th to June 1st.

GREAT ARMY OF WOMEN IN PARADE

Woman Suffrage Advo- cates March 20,000 Strong for Cause

OF ALL AGES AND CLASS

White Haired Women March Beside Children--Many Nations are Represented

PARADE IS GREAT SUCCESS

NEW YORK, MAY 3.—The army of woman suffrage marched up Fifth avenue this afternoon, 20,000 strong to the martial music of the Marseillaise, blared from forty bands. In uniforms of white, gleaming with yellow streamers they paraded in the heat of the mid-summer sun for three miles from Washington Square to Fifty-ninth street. A forest of yellow banners appealed for "votes for women" to an unbroken wall of spectators estimated at a quarter of a million.

Inez Milholland, riding astride a mettlesome chestnut cob, directly behind an escort of mounted police, led the marchers. Behind her walked eight girls in blue with silken flags; after them came two women in yellow with the suffrage map and its nine "yellow" states. And then came the long line of the rank and file, marching resolutely, smiling for the "cause."

Women with snow white hair, children not yet out of rompers; girls from Sweden, women from New Zealand, agrees from the northern states, cow girls from Oklahoma, newsmen from the East Side, Wall street brokers—these and the artisans of many trades and callings marched in unbroken lines, eight abreast, disbanding finally at the Fifty-ninth street plaza to overflow into two great mass meetings.

The Women's Political Union, thousands strong, and broken into many detachments, was in the forefront of the line. Their banners bore many mottoes.

General Jones in Line.
"General" Rosalie Jones and her little band of pilgrims that blazed the suffrage way from New York to Washington were there, too, clad in their marching togs and heralded by a brass band of boy scouts. Then followed teachers, students, sculptors, decorators, social workers and musicians. When the latter came abreast the reviewing stand, the wheeled, a dark haired girl of sixteen stepped from their ranks and blew on her bugle a bar of stirring music. Stopped by the maneuver, the line behind marked time while the little group sang the Marseillaise amid a thunder of applause.

Bookkeepers, stenographers, milliners, dressmakers and white goods workers came next. Then followed the army of the political equality association—a thousand white-clad women, Greek, Jewish, Italian and Syrian societies for suffrage came next.

Toward the end of the line marched 47 girls carrying an outspread yellow flag, 9 starred, upon which were showered thousands of coins. Brooklyn poured its thousands next. Then came the college women, more than a thousand strong, whose standards proclaimed them from Vassar, Wellesley, Smith, Barnard, Bryn Mawr, New York University, Radcliffe, Cornell and many other universities.

The men followed and after them came the newsmen. Somebody tossed a coin among the boys at Forty second street. True to instinct, they broke ranks and scrambled for it. Then came a shower of coins and a two minute block of the parade till the marshals could untangle the struggling arms and legs.

Last came the other state where the campaign is now thick. New Jersey, Connecticut, Massachusetts and Maryland. And last of all was Ohio—a solitary marcher bearing aloft a crepe wrapped legend.

"Ohio. Where women by perjury may be ruined. She has no voice in the judges of election; she has no voice in their impeachment. Ohio needs recall of judges. Ohio needs votes for women."

June 17, (Tuesday)—High school graduation.
June 18, (Wednesday)—College commencement.

The last of May witnesses the first of the series of commencement exercises of Jacksonville, and the calendar is generally pretty full till the middle of June. It is always an important epoch in the city's history and this year will be marked by the presence of some of the best talent for commencement addresses and baccalaureate sermons. It was announced yesterday that Dr. Thomas Nicholson of New York will be the commencement speaker at the Woman's college and that Bishop Robert McIntyre will give the baccalaureate sermon. The interest at the Woman's college this year, aside from the regular exercises will be the completion of the endowment fund, which it is necessary to raise in order that the college may maintain its high standard.

A class of sixty-four students will leave the High school this year and the week of May 25th is set aside for their exercises. There will be only one graduate from Routt College this year, and four from the high school. These exercises will be the last of the commencement festivities. Illinois college will give diplomas to a large number and the speakers for the commencement time are prominent and men of ability. All of the country schools have closed and this week and the following will see the graduation day of most of the high schools of the various towns. Some data of the schools follows:

High School.
The first of the city commencement exercises are those of the high school. The class of graduates is an unusually large one, numbering 64. The students, by a vote among themselves decided not to have the class represented on commencement day so an out of town speaker will do all the talking that day. It is planned to make class day of more importance than heretofore and an interesting program is being arranged. The graduates are:

Louis Ahlquist.
Innis Alkire.
Wm. Allen.
Melba Anderson.
Lillian Angel.
Eva Baxter.
Florence Bourne.
Walton Boxell.

Routt College.
The graduates at Routt College will not be many this year, although the school has been doing some splendid work the past school year. The only graduate from the college proper is Miss Mary Mahoney. The graduates from the high school are:

Florence Loneragan.
Mary Sullivan.
Edward Alexander.
Mary Sloan.
Three days will be given to the graduation exercises, June 16, 17 and 18. The college commencement will be the 18th. The alumni gathering is always an important event and it is expected to make this event in the calendar one of much interest.

ILLINOIS COLLEGE GRADUATES.

Illinois College.
While the number of candidates for diplomas of the Illinois college class is not as large as last year, there is a noticeable increase in the candidates for graduation from the other departments. If all the students pass in the final examinations, thirty-seven diplomas will be granted June 5, commencement day. As has been previously mentioned the commencement address will be by Rev. Allen A. Tanner of the class of 1888 and the Baccalaureate address by Bishop Morrison of Davenport, Ia., class of 1870. An important event in the college calendar this year is the Phi Alpha triennial, which promises to be the largest gathering of former members in recent years.
The following students are in line for graduation:

A FALSE REPORT.
Friends of William Nunes were greatly disturbed Saturday afternoon by a report which gained circulation that he had succumbed to heart disease. The inquiries about him were numerous and the inquirers were greatly relieved to find that the report was wholly erroneous.

The Basis of Success

You are most cordially invited to visit this store and take evidence as to the very complete stocks we carry and the entirely modern and sanitary methods we use in the conduct of our grocery and drug departments

We are asking for this visit of inspection for a double purpose, first that the visitor may get a face to face glimpse at the inside of our store and second that the public may have the answer to the question—What has been the basis of the great success of Roberts Bros. store?

Our establishment has succeeded in a manner which has surprised even our closest friends and has furnished indisputable proof of the value of conducting two lines of business at the expense of one. It is true too that we use the same careful methods in both grocery and drug departments, the attention which convinces customers after one trial that at this store they will receive the highest grade of service possible.

In both departments stocks are comprehensive and have been carefully selected and in the drug department particular attention is paid to prescriptions which are cared for by Mr. J. B. Simpson, a registered pharmacist of capability and wide experience.

Again We Say, Come in and
Visit This Store

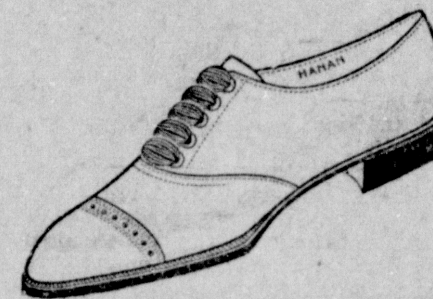

take a look at the surroundings and get first hand information as to the methods we have used in building up a successful business, methods which win and keep friends.

FINAL MEETING OF DOMESTIC SCIENCE ROUND TABLE.

Miss Frances English Gives Travel Talk on Scotland—Officers Elected.

The last meeting this season of the Domestic Science Round Table was held Saturday afternoon at the home of Mrs. Joseph Yingling at Maple Dale. Reports were read by the different officers and plans for next year's work were discussed. The officers elected were:

Chairman—Miss Clara Cobb. Vice-chairman—Mrs. Wm. Newman.

Secretary—Mrs. Ben Lorton. Treasurer—Mrs. H. L. Griswold.

The Round Table named Mrs. George Lewis and Miss Clara Cobb as delegates to the meeting of the Federation of Women's clubs of the 20th congressional district to be held at Mt. Sterling.

Following the election a very interesting and entertaining talk on travel was given by Miss Frances English, who told of her trip to Scotland. Her talk was entitled, "An afternoon with Scotch Tartans."

Miss English concluded by dancing the Highland Fling, which was rendered especially suggestive of Scotland by the costume of that country in which she was dressed. Another interesting feature of the occasion was an exhibit of Scotch views and souvenirs.

READY TO MOVE TO NEW STAND.

After almost ten years of successful merchandising in the Trade Palace building on the east side of the square, Montgomery & Deppie closed their doors there last night finally. MAY VISIT NEARBY TOWNS.

Preparations are almost complete for "Much Ado About Nothing," to be given by the Dramatic club of Illinois college. Appropriate scenery has been secured and the costumes will be selected Tuesday by Mrs. Rammkamp and Miss Marie Chambers, who will make a special trip to St. Louis for that purpose.

The success of the play last year has resulted in requests to Manager Widenham for the staging of the production in several adjoining towns. Many of those who had leading parts last year will take prominent roles in "Much Ado About Nothing."

BRIDGE DISASTER ANNIVERSARY

Dixon, Ill., May 3.—Tomorrow will be the fortieth anniversary of the Dixon bridge disaster, which cost the lives of forty persons, while as many more were seriously injured. It was on Sunday morning, May 4, 1873, that several hundred persons assembled upon the iron bridge spanning the Rock River, to witness a baptismal ceremony. Without a moment's warning the bridge collapsed, precipitating everybody upon it into the water. Thirty-seven persons were drowned and three others died from injuries received in the wreckage.

IMPORTANCE OF THE CIGAR INDUSTRY

According to rumors in industrial circles there is a possibility of another shut down or strike in the cigar business of Jacksonville. It seems that within recent days that employers in cigar factories have been notified by the local union that May 19th a new bill will go into effect providing that one apprentice shall be allowed for every seven journeymen, but that in no case shall the number of apprentices be more than eight. It seems that there is nothing else in the bill which changes present working rules and that the change proposed would affect only one factory, that of the McCarthy-Gebert company which is now employing sixty-seven cigar-makers and other assistants to the total number of ninety or more.

The Journal does not assume to be the arbiter in any labor dispute but is certain it voices the feeling of every business man or merchant in Jacksonville in expressing the hope that nothing may be done by employers or employees to disturb present conditions. Just a few months ago after a series of differences, it was determined by the management of the Franks cigar factory to discontinue the making of cigars in Jacksonville and instead to have their product manufactured in Pennsylvania shops. This policy was no doubt determined upon by the management of the Franks factory after thoroughly considering the local situation. It may have been best for the firm but it was not best for the merchants and cigar workers of this city. When cigars are made in Jacksonville the money that is paid for wages is spent here. Cigarmakers make good wages and the men are good spenders. They believe in giving their families the best they can for the table. They believe in comfortable homes and so they furnish them well. Practically every dollar the cigarmakers draw very speedily gets into circulation again and everybody in Jacksonville gets the benefit.

For this reason it is a matter for sincere hope that there shall be no shut down or strike as a result of the present demand in relation to apprentices. So far as the public is concerned a strike and a shut down mean one and the same thing for either stops the flow of money which ordinarily pours out from the factories into the channels of trade once in two weeks.

If the demand of the cigarmakers is met it will mean that the McCarthy-Gebert company cannot employ as many journeymen as it is difficult to secure apprentices. It is understood that the larger factories have some difficulty in securing strippers and it is largely because of the prospect held out to these young workers of becoming apprentices and then later on journeymen that strippers can be secured at all.

The McCarthy-Gebert factory is mentioned here especially because it would be the only one affected by the proposed ruling. There are a number of smaller factories here doing a nice business but none of them employ a sufficient number of workers to bring them within the scope of the proposed rule. It is undoubtedly true that the average resident of Jacksonville does not fully appreciate or understand just how important the cigar industry is to the city. Even the merchant it may be said does not fully appreciate how much the industry means to him. The fact is that the cigar business is of vast importance to Jacksonville. It pays thousands of dollars each month into pockets of the workmen and from them it goes to the stores and banks of the city and everybody is helped and benefitted.

The differences between employers and employees in the cigar business here within the past two years have never been of a kind which caused public disturbances or were marked by any scenes of violence nor seemingly by an special ill will. Yet when one counts up the weeks and months of time lost during the discussion of the differences it is easy to figure out how great a loss has been sustained by the factories, employees and all Jacksonville.

The cigar business in Jacksonville is a most important industry. The cigarmakers of Jacksonville rank among her best citizens. Here's hoping that the difference which now menaces the peace and quiet of the industry here at home may speedily fade away into obscurity.

HAAG SHOWS PLEASE.

Although the parade put up by the Haag shows yesterday was nothing to excite the admiration of the average show-goer, the exhibition put up under the big tent was of a splendid character. The list of acrobats surpassed anything of its kind that had been here for some time. Clown Back and his band of Joes from the Land of Foolery kept the crowd in laughter. The Roman races and the Miller Family riding act were among the big list of attractions which entertained an afternoon and evening crowd.

SOCIAL EVENTS.

The Senior class of Illinois college was entertained at a progressive dinner Saturday evening by President and Mrs. C. H. Rammelkamp. Prof. J. G. Ames, the officer of the class, and Mrs. Ames, were guests of honor. The meal, which consisted of four courses, was served on tables artistically decorated with narcissus, lilac and carnations. The favors were miniature diplomas, written in the usual Latin, signed by the president and stamped with a make-believe seal. After a pleasant social hour the class gathered around the piano and sang a number of college songs. Assisting at the dinner were Miss Louise Capps, Mrs. George Reed of Rome, N. Y., Miss Vose and Miss Dale Wyatt.

Miss Zella Stout, a daughter of Mr. and Mrs. James Stout, entertained a company of twenty friends Saturday afternoon at her home on West North street, at a sewing, at which announcement of her engagement to Robert H. Reid was made. The announcement was made known by initials being written on a small piece of paper and enclosed in a peanut shell, which was tied with ribbon. The wedding is to take place early in June.

A very delightful afternoon was spent and in the contest that was held Miss Marie Wiswell was awarded the prize. At the close of a pleasant time refreshments were served.

MAY OPEN POULTRY COMMISSION HOUSE IN MISSOURI.

De Soto Missouri News: W. R. Brittenham who for the past ten years has been in the poultry commission business in Jacksonville has sold out his business and is now looking for a location. He has been here for several days looking over the ground and if the right kind of arrangements can be made with the railroad company he will go into business here. If people could get a cash market for their poultry and eggs it would not be long until this community would be the banner poultry county on the map. Let everyone encourage Mr. Brittenham and get him located here.

Speedy Kinell who is entered with his Apperson Jackrabbitt in the automobile, motorcycle and aeroplane race a week from Wednesday and Thursday.

The automobile, motorcycle and aeroplane race meet is to be one of the best attractions offered in Jacksonville and vicinity, according to a statement made by manager Leon Friedman. New features in aerial exhibitions will be introduced to the public this season by the skilled

aviators who travel with this company. One of the features will be the demonstration of the usefulness of the aeroplane in time of war. Modern warfare will be mimicked in all its glory by the birdmen who will drop bombs while in flight on imaginary troops in the oval of the driving park. Sharp shooting from an aeroplane and sending and receiving wireless messages in mid-air from the near by wireless station will also form a part of the entertainment. The machines carried by

the company are equipped with wireless apparatus. The daily program will consist of 10 events. 3 automobile races of 3, 5 and 10 miles duration with some of the fastest cars in the country entered. 3 motorcycle races of 3, 5 and 10 miles duration. 3 aeroplane flights by the world's greatest aviators and a match race between the automobile, motorcycle and aeroplane. The performance is to start at 2:30 each day and like in a 3 ring circus their will be something doing every minute.

WILL OBSERVE GIRLS' DAY.

Today, known as "Girls' Day," in the Bible school of Central Christian church, will be observed with appropriate exercises and an excellent program has been prepared for the occasion. This is one of a series of days devoted to special classes or interests in the school. The officers have extended a cordial invitation to all having no Sunday school connection to attend the exercises and the members of the home department are especially invited to attend and will wear white ribbon badges.

A ladies' double quartet will sing and Miss Frances Frazee will read "A Voice From a Far Country." A solo will be sung by Miss Marie Finney.

SPECIAL SERVICE AT BAPTIST CHURCH.

A home-coming will be held this morning at the Baptist church at 10 o'clock. It will be a combined service, no distinct Sunday school or preaching services having been planned for. Talks by various members of the congregation will be heard instead of the regular sermon. Among those who will speak are Paul B. Fritchey, Miss Laura Hammond, Rev. W. L. Dorgan and Prof. R. H. Tanner. These addresses will

discuss the Sunday school in relation to business, society, the home and citizenship.

PROF. R. O. STOOPS MAKES BRIEF VISIT WITH JACKSONVILLE FRIENDS

Tells Some Interesting Facts About the Joliet Schools—Pupils in One Room Speak Thirteen Different Languages—Believes in Township High School.

Professor R. O. Stoops, Superintendent of the Joliet public schools is spending Sunday in Jacksonville and is a guest at the home of Prof. and Mrs. C. W. Taylor on Grove street. Prof. Stoops was mentioned in the Journal yesterday was recently re-employed by the board of education in Joliet and his salary increased to \$2,500 a year. This marked expression of appreciation of the former Jacksonville man's services no doubt came as a welcome surprise to him. Yesterday afternoon some of his Jacksonville friends were congratulating him upon the success he is making in Joliet. Mr. Stoops said that he was thoroughly enjoying his work there and was striving to give the best service that he could. He said that he had not asked for an increase in salary and had really given the matter no thought and that he was of course very much pleased to think that his work had been such as to have the approval of the board.

The school system of Joliet is quite extensive as there are twenty four different school plants scattered all about the city in a territory of twenty square miles. These buildings for most part have eight rooms in them but there are a number having but two rooms. In one case there is a building of only one room. The plan which the board have carried out for some time was that of distributing school houses widely in order to make it possible for small children to have facilities near at hand. There are 186 members of the teaching force and as there are so many foreigners in Joliet there are many more problems than present themselves in a city like Jacksonville. In one of the school buildings in a district populated by foreigners there are children in the first grade speaking thirteen different languages. The enrollment of the Joliet schools is about 5,600 and there are 3,000 children who attend the parochial schools. These figures show that Joliet is a city of large families. Among the foreign population the number of children in each family run from five to twelve. The trancy law is strictly enforced in Joliet and this is a matter which has to be carefully watched as otherwise some of the foreigners are inclined to keep their children out of school and at work. The truant officer is a woman who has been engaged in that work for a number of years and is very competent and alert. The city administration works heartily in accord with the board of education in an effort to see that all children attend school, and if parents are neglected or attempt to disobey the law, they are arrested and fined. In one case a foreigner had his little thirteen years old girl tending bar because he found that she was an attractive child that it increased the patronage of his saloon. He was taken up and fined but persisted in disobeying the law and only when the council threatened to take away his license did he come to an understanding that his child must be in school.

Mr. Stoops is a believer in township high schools from his experience in Joliet and his observations elsewhere. Joliet township high school has been for twenty years under the Superintendency of J. Stanley Brown and is acknowledged to be one of the high grade schools in the country. There are forty-eight members of the faculty and the equipment is extensive and up-to-date. Six and four year courses are offered pupils ready for high school who have completed the eight years work in the other schools. In the Joliet schools graduation exercises are had twice a year and a class of 123 boys

and girls finished a course not very long since. Out of that class of 123 116 entered the township high school of the other eleven, seven went to business colleges, two were over sixteen years of age and commenced work and the remaining two were accounted for by their parents as not well enough for school work.

In talking about the township high school yesterday, Mr. Stoops said: "I believe thoroughly in township high school idea for only in this way is it possible to secure the necessary tax money for equipping and maintaining a high school in a thoroughly modern way. By spreading the taxes for maintenance of high school over a larger territory it is thus possible to secure the best facilities without making the taxes a heavy burden to either property holders in city or county and thus pupils in the country are given the advantage of the high school course. In a school like the one at Joliet the course offered is at least equal to the average city high school and two years of college work. There is no reason why a school system in a city can not be managed perfectly in accord with the management of a township high school. They are separate and distinct but must of necessity work together. There is nothing in the relationship to cause conflict or strife and on the contrary there is every reason why the management of the separate school should work amicably and with one accord. The figures mentioned while ago with reference to our graduates going into the high school furnish the best proof of the way the plan operates at Joliet. At the next graduation from our Joliet schools there will be about 190 pupils finishing and I think that practically all of them will enter the township high school. I really believe that in a city of moderate size the development of the township high school plan is really the best and surest way to get the desired results."

FIRE PROTECTION FOR ILLINOIS COLLEGE

All Buildings to Be Equipped With
Babcock Fire Extinguishers—
Now Being Placed.

The distance of the Illinois college buildings from the fire department, and the fact that every foot of the way is up hill, has made the possibility of a fire a serious menace.

For years the trustees have been giving attention to the matter of local fire protection and as the best solution of the problem they decided to equip all the buildings with Babcock Fire Extinguishers. These have been received and Mr. Johnston of the Johnston Agency has been busy for the last two days, in placing the extinguishers in position. They comprise the largest single order yet placed by this agency, although several other institutions in the city—Illinois Woman's college, for instance—have in use a larger total number, but purchased in successive orders.

Not only such public buildings as the schools, hospitals and state institutions are equipped with this class of fire protection, but a great number of business houses and private residences in the city now have Babcocks and several times within the past few months serious fires have been averted and heavy loss prevented by having a fire extinguisher at hand for instant use.

No other kind of apparatus furnishes such effective fire protection at so small a cost. Their value is fully recognized by the underwriters and manufacturing and mercantile establishments secure lower insurance rates for installing them.

All things considered, they were probably the best investment the college could have made for the purpose.

SENATORS DEFEAT RED SOX IN CLOSE CONTEST 2 TO 1

Engel Allows Ten Bases on Balls But Was Not Hit Safely by Boston.

Boston, May 3.—Washington defeated Boston 2 to 1 in a lively contest this afternoon. Engel, who pitched until one man had been retired in the seventh inning, gave ten bases on balls, but was not hit safely by Boston.

Three of his passes came in the second inning and with a man hit, gave the Boston team their only tally.

RITCHIE AND WELSH MATCH IS PROPOSED

EFFORTS BEING MADE TO MATCH
WILLIE WITH BRITISH

Boxers May Appear at Madison
Square Garden Son of Gibson Can
Arrange on the Division of the
Spoils With the Two Managers.

(By James J. Corbett.)
Former Heavy-Weight Champion of
the world.

Willie Ritchie, the light-weight champion who has not done any "champing" since winning the title from Ad Wolgast, may be seen in a New York ring within the next month. Efforts are being made to match Willie with Freddy Welsh, the British title holder and proud possessor of a belt emblematic of the "world's light-weight championship." Although Freddy hasn't a legitimate claim to the title it must be admitted that the belt is a beautiful specimen of the jeweler's art.

Not to digress, however, Willie and Freddy may put on the gloves for a ten round if Billy Gibson, match maker for the Madison Square Garden promoters, can prevail on Billy Nolan and Harry Pollok, managers of the two champions, to agree on the division of the spoils.

Ritchie can have a fat guarantee to box Welsh, but whether the amount offered will meet with Nolan's estimate of the worth of his fighter as a drawing card is a question. It is said that Nolan asks \$15,000, which is quite some money in these hard times. Pollok's demands are quite modest in comparison.

If Gibson fails to land Ritchie he will try to get "Harlem Tommy" Murphy to "sub" for the high priced champion. The New York boxer is again in the glare of the calcium as a result of the skillful manner in which he recently handled Ad Wolgast, the former bear cat of the division.

The critics are using Murphy's victory to call attention to the supposed deterioration among the light weights, and thereby discredit Ritchie as champion. Their contention is present day boxers do not compare in skill with the experts of a decade ago, and they point to the result of the Murphy-Wolgast battle in support of the argument.

This is not new stuff by any means. Seidom is a newly made champion given credit due for the victory which has placed him at the head of his division. The public is not satisfied that the new-comer is all that he should be until he has successfully defended the title several times. Wolgast, you may remember, was called a "cheese champion" not long ago, but a review of the Michigan's career will show that he was close to the standard of excellence set by his predecessors. Ad was not the most skillful performer in the game, but his rugged strength and aggressiveness made up for what he lacked along scientific lines.

My opinion is that there is some first class material among the present 133 pounders. Ritchie looks like the real goods in spite of the fact that he won his title on a foul. He was leading up to the time of the disqualification and would undoubtedly have been given the decision had the fight gone the limit, admitting he couldn't score a knockout.

It was not so much the winning from a champion who had already shown signs of retrogression that established Ritchie's claim to class.

His previous record indicated that was a "comer" in the ranks of the light-weights. He had scored victories over the clever Jack Britton, Young Ernie, Joe Mandot and several other good boys. True, some of these decisions were of the popular or newspaper variety, but convincing enough to prove the youngster's quality. But it was the twenty round match with Freddy Welsh that stamped Willie as a boxer of great merit. Although Freddy was given the battle on points it was a very close thing, and his showing in that engagement is to my mind the California's greatest achievement in the ring, not excepting the "win" from Wolgast. He made the clever Welsh step his fastest to earn a "shade". A bout over the same distance might result differently now for Willie is no longer a novice.

I believe Ritchie will prove his worth when he resumes boxing. Boys of the Mandot, Rivers, Cross and Murphy kind should not give him much trouble. He has most fear from the clever type of miller—like Welsh or Britton. These two lads have skill enough to make matters interesting for anyone in the division, with the possible exception of Packey McFarland, who looks like the daddy of them all. I doubt if Ritchie could be induced to give McFarland a battle.

Little has been heard from McFarland lately. His interest in pugilism seems to be waning. There is a revival of the rumor that Packey and Mike Gibbons may be matched at one of the local clubs before long, but I don't place much stock in the story. In announcing the St. Paul boxer's plans for the future Manager Eddie Reddy recently stated that Gibbons would do the bulk of his fighting in the neighborhood of 150 rounds, which would kill any chance of Packey boxing him; at the extreme limit the Chicagoan would hardly scale over 140, of 142 at the most, and he would be very foolish to grant the speedy and clever Gibbons such an enormous weight advantage. Packey didn't have to exert himself in preparing for the recent bout with Jack Britton and yet he entered the ring at 140. Now if Mike would agree to make 145 I believe McFarland could be induced to talk business. None of the light-weights will have anything to do with Packey and if he intends to stick to the game he will be forced to concede a few pounds now and then. A Gibbons-McFarland watch at 145 pounds provided Mike can do the weight and be fit, would be about the last

word in fistie attractions as they go nowadays.

Luther McCarty is in no hurry to help clear the confused conditions in the heavy-weight division, so Jess Willard and "Gunboat" Smith have taken it upon themselves to adjust matters, so far as it lies in their power to do so. They have agreed to box twenty rounds before Jim Coffroth's San Francisco club on May 17.

While there is no title at stake in the forthcoming bout the result will be anxiously awaited by fight followers everywhere. Smith and Willard are rated about on a par with McCarty among the white heavies, and the winner will be in position to force Luther to fight or relinquish claim to the title of heavy-weight champion which Tom Carey so magnanimously bestowed upon him.

As to the probable outcome of the match it is pretty hard to figure on what may happen when two raw hands get together. The element of luck is a great factor in a bout between a couple of huskies with little skill to boast of. On what the men have shown in New York matches, though, Willard appears to have the better chance. Smith lacks many things that a good fighter ought to have. Outside of his mighty right hand punch he has not yet shown anything that indicates championship calibre. He has the poorest defense of any fighter with a reputation, and that's going some in these days when skill among big men is at a premium.

Willard is a careful fighter. His defense is superior to that of either Smith or McCarty. He is anything but aggressive, however, allowing his opponents to force the fight at all stages. Whether this method is the result of good judgment in attempting to conserve his strength or is the only style he knows makes little difference. It has served its purpose admirably in his matches to date. It certainly was effective in the bout with McCarty last summer. Despite his rushes and swings Luther could do little with the giant and Jess would occasionally jar his opponent with a well-timed counter to the body or head. At the finish of the bout Luther was a badly tired fighter while Willard appeared to be as fresh and lively as when he entered the ring.

If fortune is kind to Smith he may put Willard away with one lucky wallop as he has several would-be champions in the past. He appears to be strictly a one-punch fighter, however, and if his recent showing against the tough Boer heavy-weight, George Rodel, is to be taken seriously is not over-fond of traveling a route. Several experts who have watched Smith closely in his New York bouts are inclined to question the ex-sailor's powers of endurance. While not disputing the "Gunboat's" gameness and willingness to stand up under fire they opine that he is prone to become disheartened when he finds his heaviest artillery is not accomplishing the desired end. If such is the case I fear Smith will never become the champion.

Despatches from Los Angeles state that spectators voiced their disapproval when Referee Charles Eytton called the Kilbane-Dundee bout a draw. Looking over the several press stories of the fight, round by round, it looks as if the spectators were perfectly right in protesting against the decision. For if the accounts are correct, and in the main they all agree, Eytton robbed the champion of a fight he had won hands down. From the beginning to the end of the twentieth round Kilbane outpointed the New Yorker and at no stage did Dundee appear to have an even chance. One account says it was Dundee's rally in the last round that earned a draw—in the opinion of the referee. Admitting that Dundee had the upper hand in the last round, though, the accounts of battle do not indicate that such a state of affairs existed, how about all those points Kilbane had compiled during the preceding nineteen innings?

I note that Tom McCarty is after the boys for a return match. The bout was popular with the fans and drew big. A return battle would mean many thousands for the promoter. It is to their interest that this match ended in a draw. But it looks to me as if the verdict is a grave injustice to the champion.

Mike Gibbons, the speed marvel from St. Paul, is back in New York after a six months vacation. Mike is booked to box Dave Kurtz, ten rounds at the Forty-Fourth street sporting club next Monday night. Kurtz is a husky young Jerseyite whose reputation was recently given a boost at the expense of Jack McCarron, Philadelphia Jawn's \$50,000 beauty.

Gibbons may need a fight or two under his belt before he recovers his form, and for that reason Kurtz might make a better showing than the public expects. He is one of those aggressive battlers who can be depended upon to try all the time, and if Mike is not in the best of shape Kurtz is liable to worry him a bit. But that's about all Dave can reasonably expect to accomplish. Gibbons is too classy for the Kurtz species of boxer.

WISCONSIN OUTCLASSES OHIO STATE IN MEET.

Madison, Wis., May 3.—The University of Wisconsin took its first dual meet with Ohio State university here this afternoon by a score of 93 to 33 points.

The contests were marked by no unusual features. It was the first in which the Ohioans had participated as a member of the western conference and with an entry list of 12 men their showing was considered excellent. The mile race furnished the most sensational finish of the day. Hedges of Wisconsin creeping up on Ferrer, Ohio, on the home stretch and breaking the tape by half a foot lead.

CORNELL ATHLETES OVERWHELM MICHIGAN

TAKE FIRST DUAL TRACK MEET
OF THE YEAR '85 TO '32

Absence of Hall and Mishap to Craig Largely Responsible for Wolverine Defeat—No track Records Were Made.

Ithaca, N. Y., May 3.—Cornell easily defeated Michigan in the first dual track meet of the year to date, the score being 85 to 32. The outcome was a surprise to both colleges, but was brought about through the absence of Hall, the quarter and half mile Michigan runner, and by a mishap to Craig, the Wolverine hurdler. Craig fell over a hurdle at the beginning on the low hurdle event and was distanced. Haff was too lame from a pulled tendon to compete.

Cornell's surprises were noted in the sprints and the two miles. Steiden won the two mile run with ease. Roller the Cornell sprinter, ran the hundred yards in ten seconds flat and was followed by his team mate, Ingersoll, by a few feet. Although no track records were broken, the quarter was fast as was the high hurdle event, which was won by Winery in 16.5 seconds. Captain John Paul Jones of Cornell won his events handily in the half and mile.

Michigan made the best showing in the high jump and the hammer throw, in which events the Wolverines won their only first places. They landed first and third in the high jump. They won second place in five events only Cornell taking all other first and second places, a total of eleven firsts and eight seconds.

SPRINGFIELD EASILY WINS CORN BELT ATHLETIC MEET

Two Corn Belt Records Are Smashed—Rockwell of Springfield Wins Oratorical Contest.

Springfield, May 3.—Two Corn Belt records were broken here to day in the annual meeting which was won by Springfield, with a score of 51 points. Mason City was second with a score of 15. In the 880 yard run, Hansel Wilson, Springfield, made his first appearance upon the track and won the event with ease clipping one fifth of a second from the Corn Belt record.

In the high jump Bruce Ford, Springfield, George Allen, of Bloomington, tied, at five feet and eight inches, one inch higher than the record. The relay race was also won by Springfield.

The oratorical contest this morning was won by Donald S. Rockwell of Springfield. DeLavan and Decatur tied for second place.

There are many imitations and substitutes for the famous "Keeley Cure." Many of these claim to be "just the same" as the Keeley treatment.

All such claims are absolutely false. The genuine Keeley remedies can be had only in the Keeley Institute and its branches, of which there are one or more in almost every state.

We have imitators, but no rivals. No other method or treatment produces these perfect and lasting results. The Keeley remedies can only be obtained at Keeley Institutes; there is only one of these in the State of Illinois and that is at Dwight.

The Liquor Habit Is a Nerve Disease and Can Be Cured

Don't ABUSE or UPBRAID the man who drinks to excess! His own conscience does that daily, hourly. He is a SICK MAN. He has the alcoholic nerve cell disease. The time when he could help HIMSELF is long past. But YOU can HELP him! WE CAN CURE HIM!

What Is the Liquor Disease?

It is a condition where the nerve cells have become trained to need alcohol. And unless they are fed with alcohol they rebel and refuse to control the muscles and brain cells.

The "craving" for drink is not the disease. It is simply the symptom of the disease, just as a cough is a symptom and not, in itself, a disease.

When the disease is cured the craving and appetite for drink disappear, just as a cough disappears when the cause of the cough is removed.

The Keeley Remedies Cure

Dr. Leslie E. Keeley discovered first the real nature of the liquor disease, and next a remedy that would cure it.

The Keeley remedies are simply nerve tonics that remove the artificial alcohol appetite of the nerve cells and restore them to their healthy, normal condition.

When this is done the man has no longer any need or desire for drink.

In the last 32 years 400,000 men have been cured of the liquor disease by the Keeley method.

The effect of the Keeley remedies is to absolutely destroy the craving and appetite for drink. The man who takes the treatment is no longer called on to fight an appetite. Because the desire and necessity for alcohol are completely gone.

We also cure Opium, Morphine and other drug addictions. The drug is withdrawn gradually and there is no shock, collapse, prostration or sickness. Full particulars in plain, sealed envelope on request.

We manufacture and sell Home Remedies which cure the Tobacco Habit and many forms of nervous troubles.

We have a Chicago office, Suite 906 Rector Building, 79 W. Montrose Street, where arrangements may be made.

Blood Poison On The Run

Remarkable Remedy That Drives Every Particle of Poison Completely Out of Your Entire System.

It is simply astonishing the way contagious germs scatter and leave your blood clean and pure.

Poison in the blood used to break out into the most unsightly sores, boils, abscesses and ulcers, but since the introduction of S. S. S. there is no more trouble. And even if it is only a slight attack it would eventually mean loss of hair, loss teeth, sore gums, mucous patches, cancer patches and the most intense degree of agony, if S. S. S. were not used. Of course some cases of Contagious Blood Poison do not exhibit the extreme superficial effect but the trouble is they are apt to do so in just a day. The eyesight fades, the hair falls out, the bones become ulcerated, a thousand and one fierce, unsightly symptoms ensue and then there can be no question as to the nature of the disease. It is very unfortunate that so many sufferers lose all nerve, self control,

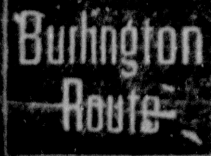

and the first thing they do is to throw themselves into the clutches of those who take all their money, fill their veins and arteries with Mercury, Iodide of Potash, Arsenic or other mineral poisons and practically wreck their lives. S. S. S. will give your blood a complete bath, purify it, overcome the danger done by mineral drugs, soothe and strengthen your stomach and in every way restore you completely. Your blood will be rich, red and pure and will stand the most rigid blood test. Get a bottle of S. S. S. at any drug store and begin to cure yourself at once. For a book on Blood Poison or for private advice, write to the Medical Dept., The Swift Specific Co., 146 Swift Bldg., Atlanta, Ga. This is one of the greatest private laboratories in the world.

What Rudyard Kipling Said About the Grand Canyon in Yellowstone National Park

"I looked into a gulf 1,700 feet deep, with eagles and fish-hawks circling far below. And the sides of that gulf were one wild welter of color—crimson, emerald, cobalt, ochre, amber, honey splashed with port wine, snowy-white, vermillion, lemon and silver—ray in wide washes. The sides did not fall sheer, but were graven by time and water and air into monstrous heads of kings, dead chiefs—men and women of the old time. So far below that no sound of its strife could reach us, the Yellowstone river ran, a finger-wide strip of jade green. Evening crept through the pines that shadowed us, but the full glory of the day flamed in that Canyon as we went out very cautiously to a jutting piece of rock that overhung the depths of all."

I want to send you an illustrated pamphlet on the Yellowstone park. It contains a fine map in colors, showing all the points of interest, and describes the many wonders to be seen. And I would like to tell you just how to go there most comfortably. May I do so? Kindly call or write.

ON THE SIDELINES.

The Cardinals should be a much improved team by the end of this week or the first of next, because Arnold Hauser, the crack short stop who has been on the shelf since the first week in March has recovered and will take his old position again.

President Comiskey evidently expects something of a crowd at his park on Frank Chance day, as he has increased the seating capacity to 40,000. Twenty-five hundred of these seats directly opposite first base have been reserved by Cub fans in the expectation that Frank would occupy his old position but late advice is that he will be on the bench indefinitely with his injured ankle.

The New York papers are not knocking Chance, they are conoling with him. There's no use talking he just simply hasn't got the team that can take anything from the Athletics, Senators and Boston.

Chief Johnson's battery partner, Catcher Gossett, has been sold by the Cubs to the Highlanders. He is a six footer and weighs 185 pounds. The Cubs simply had no use for him with Archer and Bresnahan on the list. All the critics who have seen him say that he is one of the coming stars of the game.

The traditions are safe. President Ban Johnson states that the immaculate white flannel uniforms for the ump are only to be worn on special occasions such as holidays and at the games which the president of the United States attends, which won't please Mr. Woodrow Wilson overmuch. He is as democratic as ever was old Thomas Jefferson himself and won't have any fuss and feathers if he could have his way.

The Washington club has insured its star players against accidents both on and off the field. The Cubs have policies on the lives of Evers and few of the others but the Senators are the first to take in an entire team. Must have cost them quite a bunch of the needful.

Danny Moeller is hitting for 447 this year. He is wearing an elastic bandage on his weak shoulder. He has a peculiar formation of the arm joint at the shoulder which easily slips out of place. Without this handicap he would be the very best in the outfield of either league, bar none.

Who discovered Russell? Everybody is asking the question these days. Nobody seems to know just who tipped the young pitcher from Fort Worth to President Comiskey. But Kid Gleason is the man who deserves most credit for his appearance in the big show, as Callahan sized up the boy as simply another wild left hander and shipped him off to Sox Yarnigans where Kid discovered what he could do. This insured the kid a life job.

The Illinois-Bradley game was featured (?) by one play that should have been cut out. We refer to the ancient "hidden ball" trick. Ban Johnson has issued orders to the umpires in the American league to disregard this play and call the runner safe in every instance. It is far from being clean sportsmanship to use such a play and it is probable that the rule makers will legislate it out of existence next season.

Walter Johnson has issued a ukase in which he announces that he is not to be married in the near or distant future. At which a sigh of relief goes up. Not of course, because any body has anything against marriage itself, but the Lohengrin Hearts and Flowers stunt nearly always acts as a hoodoo to a pitcher and your true fan will go miles out of his way to escape anything that savors of the jinx.

Washington is crawling up on the leaders again. This is the longest road trip they will have during the season. They will not appear before President Wilson till May 29th. Meanwhile Washington people will have to get what amusement they can out of congress.

The White Sox have the Detroit goat securely tethered. If Callahan could meet Jennings a few more times than the schedule calls for the Sox would win the pennant hands down.

Pittsburgh is the big disappointment of the year just as St. Louis is the big surprise. But those who knew Stovall are not so surprised. That man has not been appreciated at half his value and some of the big ones will find it out if they have not already done so.

Pirate fans are yelling for Wagner. Honus will be back in harness next week.

Both Chicago teams are after Hy Jasper, Comiskey having telegraphed a bid close to the heels of Murphy.

AMES DEFEATS DRAKE.
Des Moines, Ia., May 3.—Contesting in field and track events in spite of a flood of rain, Ames defeated Drake in a dual meet here today 7 1/2 to 4 1/2. The meet was scheduled for Ames but that track was flooded early. Considering conditions, unusual records were made. Stahl, Drake's Indian runner, running the quarter in :51 1-5 and Dickenson of Ames running the 220 yard dash in :22 4-5. Ames made few points in the field, but swept the track events excepting the quarter.

DEPRESSING SENTIMENT NOT QUICKLY DISPELLED

With Definite Outcome of Foreign Situation Left Undecided Markets Lack Incentive to Betterment.

(By Associated Press)
NEW YORK, MAY 3.—The state of depression in which financial sentiment has long been held was not dispelled by the events of the week. Such resistance as was shown by the price movements was attributed to the feeling that the extent of the decline had sufficiently discounted unfavorable factors, rather than to any belief in positive betterment.

There was hope of improvement in the foreign political situation on Thursday when the reply of Montenegro to the powers made a favorable impression. Foreign stock exchanges were closed on that day and their action on the following day failed to bear out fully the favorable construction placed by New York on the previous day's events. With the definite outcome left undecided, stock markets still lack the positive incentive to betterment.

Opinions are left confused also as to how far the tightening of foreign money markets was due to month-end requirements and how far to political dangers. Capital supplies were still subjected to strain, both at home and abroad.

The controller's digest of national bank conditions on April 4 revealed the low state of reserves the country over, in spite of the contraction of loans in New York for the period covered. Recognition of the banking prospect was inferred from the plan of the secretary of the treasury to charge interest on government deposits and to increase their amounts.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

VOLUME OF EXCHANGE BUSINESS SMALL

PRICE MOVEMENTS ON STOCK MARKET WERE NARROW.

Speculative Interests Near Vanishing Point—Drift of Leading Stocks Was Downward, Small Losses Being Sustained by Most of These Issues.

NEW YORK, MAY 3.—Mid-sum-
mer weather seemed to have brought
about mid-summer stock market
conditions to day. The volume of
business was small and price move-
ments were insignificant. Specula-
tive interest was near the vanishing
point, and many traders took ad-
vantage of the drift of the market
away from the street. The drift of
the leading stocks was downward,
small fractional losses being sus-
tained by most of these issues.

Foreign markets moved in a hesi-
tating way, apparently awaiting
more definite news regarding the out-
come of the problem raised by the
Montenegro attitude.

Traders in this market were not
inclined to take a decided position
in view of the expectation of de-
cisive action early next week to
clearing up the Balkan situa-
tion.

Predictions of a large change in
bank receipts was not borne out, the
actual statement showing a cash
loss of \$1,129,000. The average
table, however, gave a gain of
\$8,249,000, indicating that a large
loss had been sustained late in the
week, probably in connection with
the over the counter May 1st, pay-
ments.

Some evidences of growing confi-
dence in business were reported by
the mercantile agencies in their
weekly reviews. Conditions in gen-
eral however, are said to be still un-
settled.

ALBERT JOHNSON TO BE STATE FACTORY INSPECTOR

Former Jacksonville Young Man Appointed to Important Post by Governor of Missouri.

Saturday's Globe Democrat contains the announcement that Governor Maury of Missouri had appointed Sidney Johnson as state factory inspector. Mr. Johnson, better known among his old friends by his first name, Albert, is a Jacksonville boy, a graduate of the Jacksonville High school and Jacksonville Business college, and since going to St. Louis, his career has been one of uninterrupted success. His first position was that of personal stenographer for the manager of the Waters, Pierce Oil Co. He stepped from this position into that of private secretary to Ex-Governor Francis in his race for nomination as U. S. Senator, and at the close of the campaign he became private secretary to the president pro-tem of the Missouri senate. At the termination of the legislature he began work as reporter upon the staff of the St. Louis Republic, and at the beginning of the last national campaign he took up the duties of political writer for that paper, and has continued to act in that capacity until his present promotion. He was tendered the position of secretary to the police board of St. Louis some weeks since but declined it. Those who know him best predict for him a useful and a successful term in the work he now takes up.

SHE PAYS THE PENALTY.

There is hardly an American woman who fails to pay the penalty of her sex at some time or other. Pain lays its merciless hand upon her—it may be that dreadful backache, those bearing down pains, sideache, nervousness, irregularities or the tortures of a displacement—it is the penalty of sex. To all such women in this condition Lydia E. Pinkham's Vegetable Compound comes as a boon and a blessing. A simple remedy made from roots and herbs which has brought glorious health to more suffering women than any other remedy.

System clothes are best by every test. Sold exclusively by Garland & Co.

MAPLE GROVE SCHOOL PICNIC.

The Maple Grove school, South Jacksonville closed recently with a picnic on the lawn. A large crowd was present to witness the crowning of the May queen, Miss Gladys Harvey, and the May pole dance by ye lads and lasses. Other exercises followed and at the close an excellent dinner was served on the grass. Quite a number had brought dinner but ate with the young folks.

The proverbial twelve baskets of fragments were not taken up, the most of them being eaten.

After dinner the boys had a game of ball, and the men watched the game, pitched horseshoes and otherwise amused themselves. A large rope swing gave great enjoyment to the youngsters. Quite a number of visitors from out of the district were present.

BRADLEY WINS FROM ILLINOIS

TAKES LOOSELY PLAYED GAME
BY SCORE OF 11 TO 8.

Local College Nine Throws Away Opportunity to Score in the Ninth Inning as the Result of Bone Head Plays—The Score.

Because the Illinois players were unable to think quickly and correctly, they met defeat in the game Saturday afternoon against Bradley Polytechnic by a score of 11 to 8. It was not Bradley's good playing but a series of bone-head plays on the part of Illinois which handed the game to the visitors.

Bradley opened the game by scoring one in the first inning, as the result of Wheeler giving three bases on balls and hitting a man and allowing one single. Illinois came back in their half and made two runs. Jaccard got a base on error, followed by Stewart's and Darragh's singles. Neither side scored in the second. In the third Bradley got two runs as the result of a base on balls, an error and three hits. A pretty play was made when Darragh tagged out two men in quick succession on third base.

Bradley came back strong in the fourth, getting three more runs, as the result of a base on balls and two hits. Bradley also scored a run in the fifth, sixth and seventh. Illinois in the seventh spurted up and got four runs. They were secured as follows: Jaccard was safe on error, Stewart and Furr singled. Darragh went out on a fly to right field, Jaccard scoring. Widenham drew a base on balls, Wheeler hit a hard single to left field on which Stewart, Furr and Widenham scored. Bradley got two runs in the eighth as a result of an error, Hill's two base hit, two bases on balls and an out.

Illinois lost an excellent chance to win the game in the ninth inning. Furr, the first man up, hit what appeared to be a clean single to right field. Mahle fielded the ball quickly to first base where he caught Furr by a narrow margin, because the latter instead of sliding to the base, took a broad jump. Darragh the next man up, was safe on an error by the Bradley first baseman. Widenham drove a hard single between shortstop and third base which escaped the left fielder and before the ball was recovered Darragh had scored and Widenham was on third base. Here the Bradley players worked the ancient hidden ball trick when Widenham stepped off the base and was tagged out. Wheeler was thrown out at first base.

Illinois will go to Bloomington Tuesday where they will play Wesleyan; on Friday Lombard comes here and Saturday Illinois will go to Peoria and play Bradley Saturday.

LARGE DELEGATION EXPECTED AT MOTHERS' CONGRESS

Committees Announced Are Hard at Work—Chamber of Commerce Suggests That Citizens Decorate—Prominent Educators in Line With Movement.

The Mothers' congress which will meet in Jacksonville Wednesday, Thursday and Friday of this week will be attended by representatives from all sections of the state, although the largest delegations will come from Chicago, Peoria, Bloomington and other cities north of here. The sessions will be held at State Street church and will be free to the public. The only exception to this rule will be the banquet at the Peacock Inn Thursday evening for which a charge of one dollar per plate will be made. As before announced several speakers of prominence have been secured, among whom are Lieut. Gov. Barrett O'Hara and Superintendent of Public Instruction, Francis G. Blair. All the committees are hard at work at this time, especially the hospitality committee, which is finding places of entertainment for the out of town delegates as fast as they report. The executive board calls attention to the fact that each church of Morgan county is entitled to two delegates and expresses a desire that no church will fall of representation.

City Should Decorate.
The officers of the Chamber of Commerce suggest that the congress should be welcomed by a city in gala attire. All the business houses should decorate with flags and bunting together with as many private homes as possible. Nearly every city that has entertained such gatherings has arrayed itself to appear at its best. We can make a good impression though we but go to the trouble of hanging out a flag or two. "Show your colors on the Mothers' Congress days."

Committees Named.
The following are the committees named to take charge of different phases of the work of preparation for the congress:
Hospitality—Mrs. J. K. C. Pierson, chairman; Mrs. W. S. Badger, Mrs. Truman P. Carter, Mrs. E. L. Crouch, Miss Louise Capps, Mrs. E. P. Cleary.
Badges—Miss Clara Cobb, chairman; Mrs. William Floreth, Mrs. William Winchester.

Decorations and social affairs—Mrs. A. L. Adams, chairman; Mrs. James H. Danskin, Mrs. Howard D. French, Miss Laura White, Mrs. Louise English, Mrs. John R. Robertson, Mrs. T. J. Piner, Mrs. H. M. Havenhill, Mrs. Charles E. Cole, Miss Helen Ward, Miss Frances Wood, Mrs. Parker Doan, Mrs. James G. Capps, Miss Annie Hinrichsen.
Ushers and special courtesies—Mrs. E. J. Howells, chairman; Mrs. W. A. Gore, Mrs. J. Marshall Miller, Mrs. William T. Wilson, Mrs. C. H. Rammelkamp, Miss Agnes Paxton, Mrs. Carl Hillerby.
Information and banquet tickets—

Mrs. W. A. Furr, chairman; Mrs. Charles E. Cole, Mrs. James W. Brown, Mrs. H. M. Havenhill, Miss Henrietta Lyman, Mrs. W. D. Doying, Mrs. William Newman.
Banquet—Mrs. Harrison King, Mrs. E. J. Howells.

The delegates of the Jacksonville Parent-Teacher association are Mrs. A. L. Adams, Mrs. J. Marshall Miller, Mrs. James W. Brown, Miss Lyman, Mrs. William Winchester. Alternates—Mrs. Ed Spink, Mrs. William Bancroft, Mrs. William Newman, Mrs. T. H. Buckthorpe, Mrs. W. S. Badger.

Views of Educators.
"The life of the child in the home and in the school a unity, not a life divided between two neutral, if not hostile, camps," is the ideal of the work of Congress of Mothers and affiliated parent-teacher organizations as seen by Mrs. Ella Flag Young, superintendent of the public schools of Chicago. Charles A. McMurry, a professor in the Northern Illinois Normal at DeKalb and the author of several authoritative text books on education, says:

"The purpose of the Congress of Mothers to bring parents and schools into closer relations is so important and so essential to our social well being at the present time that we cannot overestimate it. The schools are suffering from lack of a strong moral support from the homes. 'It is not enough to pay taxes to support the school. The high standards and efficient efforts of the school should be vigorously supported to parents intelligent enough to see their value. Many of our schools are not able to maintain good, vigorous standards of scholarship and industry because the homes are careless and indifferent as to what their children do evenings and out of school."

A guaranteed watch given free with each boys suit purchased from Garland & Co.

EIGHT MAD DOGS KILLED.
During the past few days three dogs have been killed at Arnold and five at Pisgah, all of them supposedly suffering from hydrophobia. In the early part of the week, a dog supposed to have come from the northwest part of the county appeared in the vicinity of Arnold. The dog was thought to have been suffering from rabies, and it is thought it bit the other dogs, inoculating them with the disease.

T. P. A. COMPLETE PLANS FOR STATE CONVENTION

Local Post Will Send Thirty-two Delegates—Meeting to be Held in Quincy May 9 and 10.

At the regular meeting of Post O. T. P. A., held Saturday evening in the headquarters of the Chamber of Commerce, plans for the state convention which is to be held in Quincy May 9 and 10, were completed. The local officers were installed and the standing committees appointed.

The thirty-two delegates who will represent the local post at the state convention is making preparations to take over a large amount of advertising matter and make an effort to secure the 1914 meeting for this city. The mayor, city commissioners, a committee from the Chamber of Commerce and several hotel proprietors are expected to attend the meeting and Capt. Alex Smith, who for years has been a friend of the traveling men, has signified his intention of attending.

State President Ehrie reports the membership of the state larger than at any one time in the past twenty-two years and that there is more money in the treasury. He also reports that the same is true with reference with Post O, whose membership totals 314 and that the condition of the treasury is such that the post is enabled to reimburse its thirty delegates for their expenses on the trip to Quincy. The Wabash has arranged for a special car to be attached to train No. 3, leaving this city at 7:19 a. m. Friday, May 9, and 100 men are expected to attend.

After the regular order of business at the meeting Saturday night the new officers were installed. The officers follow:

President—R. S. Fanning.
First vice-president—J. A. Munson.
Second vice-president—Louis Cain.
Third vice-president—R. M. Wakley.
